GERMAN REPLY UNSATISFACTORY; BREAK INDICATED. Teutons Unable to Penetrate French Curtain of Fire at Verdun.

BRITAIN'S MEN MAKE NEW GAIN; TAKE INVADERS' ADVANCE POST Official Report Admits Defeat of Crown Prince's Force in Battle at Dead Man's Hill.

New Offensive Movements Against the Russians Initiated by the Turks—Mohammedans, Under the Supervision of Gen. Von Sanders, are Concentrating in North Smyrna—Defense Measures for the Sultan's Asiatic Coast.

(BY ATLANTIC CABLE AND A. P.)
LONDON, May 4.—The curtain of fire of the French has set at naught another German attack launched against the trenches which the French recently captured at Le Mort Homme. This assault, which is characterized by Paris as a small one, has been the only fighting by invaders on the French and Belgian fronts. A very violent bombardment is reported in the region of the Meuse, northwest of Verdun.

The Germans are still bombarding heavily the Itskull bridgehead of the Russians on the eastern front. There also has been a heavy artillery duel between the Germans and the Russians in the south of Kievo.

The small bombardments and isolated infantry attacks are in progress on the Austro-Italian front. The Turks started two offensive movements against the Russians, one in the region of Balbut and the other near Erzingan. Both were repulsed, according to Petrograd. The German general, Von Sanders, is superintending the concentration of Turkish troops in North Smyrna and defense measures for Turkey's Asiatic coast.

TO PROTEST AGAINST WITHDRAWAL OF TROOPS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, May 4.—As a protest against any plan involving the withdrawal of United States troops from Mexico without accomplishing the avowed object of capturing Villa and dispersing his followers, Congressman Henry I. Emerson of Cleveland announced tonight that he will introduce a resolution in the House of Representatives tomorrow expressing the emphatic disapproval of Congress of such a policy.

Emerson said that he had been preparing his resolution for some time and that it is not aimed at the President or his action in approving the Scott-Oregon agreement.

The text of Emerson's resolution follows: Whereas, the United States troops, now in Mexico, were sent there for the purpose of capturing Francisco Villa and breaking up his outlaw band; and

Whereas, the lives of American citizens have been endangered and many have been killed by Mexicans; and

Whereas, Mexicans have even crossed the international border and entered the United States and destroyed American lives and property; now, therefore,

Be it resolved by the House of Representatives, the Senate concurring, that it be the sense of Congress that the United States forces shall remain in Mexico until Villa is captured and until his band is destroyed and property of Americans in Mexico and along its border is restored and until the de facto government is able to restore and maintain order.

SCOTT-OREGON COMPACT CLEARS MEXICO TANGLE.

Wilson Announces that Tentative Agreement as to Future Operations Provides a Basis of Co-operation Which is Expected to Strengthen the Cordial Relations Between the Two Republics.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 4.—President Wilson announced tonight that a tentative agreement between Gen. Scott and Gen. Oregon covering the future operations of the American and Mexican military forces in Mexico provides a basis of co-operation which promises to prevent misunderstanding and strengthen the cordial relations of the two republics.

Notification that the Scott-Oregon agreement is acceptable to the American government was telegraphed to Gen. Scott at El Paso late today by the Mexican government.

Gen. Scott is authorized to exchange formal acceptances with Gen. Oregon as soon as he obtains the approval of Gen. Carranza, and officials here are confident that it will be tomorrow or Saturday.

President Wilson issued this statement: "I have examined with the Secretary of War the report of the agreement between Gen. Scott and Gen. Oregon covering the future operations of the American and Mexican military forces, and evidence of cordial co-operation between the two republics in their common purpose."

"As this agreement is being submitted to the Senate for its approval, it is not proper for me to permit its publication until that government has an opportunity to examine and consider its provisions. The full text of the proposed agreement will be given out immediately upon its acceptance by both governments. In general I may say that it provides a basis of co-operation which promises to prevent misunderstanding and strengthen the cordial relations of the two republics."

Pending its formal acceptance by Gen. Carranza, administration officials here declined to make public the text of the agreement or to discuss its details. There was no doubt in official circles, however, that the plan would be ratified within a few hours and that the disturbing situation on the border and in Northern Mexico would be disposed of.

Secretary Baker carried to the White House today Gen. Scott's long report of his meetings with Gen. Oregon. Later he informed Secretary Lansing, also, of the plan. Instructions to Gen. Scott, authorizing him to hold a final conference with Gen. Oregon, were prepared then.

It is expected President Wilson will issue a formal statement regarding the agreement as soon as it comes that Gen. Carranza has agreed.

RUPTURE APPEARS INEVITABLE IN THE SUMMARY BY GERARD.

Hope of Maintaining Friendly Relations Based on the Suspicion Note is for Home Consumption.

Belief is Gaining Ground that if President Wilson Maintains His Unyielding Attitude, the Kaiser will Gradually and Gracefully Give in and, in the Meantime, Avoid Acts to Arouse American Displeasure.

(BY JOHN CAZANZAR-OLLAUGHIAN.)

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, May 4.—If what the cipher experts of the State Department were able to make out of a message received today from Ambassador Gerard purporting to give a summary of the German reply to President Wilson's submarine demands should be borne out by the official text of the communication, it is declared by administration officials that the United States is on the eve of a rupture of diplomatic relations with the German Empire.

The only hope of avoiding an eventual rupture lies in the possibility that Germany is playing more for home effect than with any idea of rejecting this government's demands. It is realized that a complete breakdown at once from her position would be very hard to explain, and there are some who believe that if the President maintains his unyielding attitude Germany will gradually give way and that in the meanwhile she will avoid any illegal acts.

The message, as translated, appears to contain the proposal that Germany will abide by international law on condition that the United States forces the allies to do the same.

In spite of this indication it is insisted by those in a position to know that Germany has made straight-out concessions and certain definite statements which squarely meet President Wilson's demand that she immediately declare in effect an abandonment of objectionable methods of submarine warfare.

That the German government will argue, in view of the concessions made, that President Wilson should now force the allies to put an end to their efforts to starve its civilian population, is expected. There is no doubt that Mr. Wilson, if Germany shows evident sincerity to curb her submarines, will address himself to Great Britain and the allied powers with reference to the blockade they are maintaining and will demand that it be made to conform to the requirements of international law. But it is declared positively that this government will not consider any bargain in the matter and that it will deal independently with each country with regard to every question coming up with that country. Should there be any condition whatsoever included in the German reply, it is stated positively that they will be rejected summarily and a break of relations will follow without further discussion. According to what officials say, the time for importing has gone. Germany must come all the way through, must announce that she has stopped the practices Mr. Wilson has described as objectionable, and that she has no intention to resume them. The note must contain evidence that Berlin will observe the assurances which it is expected to contain.

There is no doubt that a certain amount of bluff has characterized both sides in the negotiation.

EXPECTANT TENSION IN CAPITAL OVER THE REPLY FROM GERMANY

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 4.—Germany's reply to the demand of the United States for immediate abandonment of present methods of submarine warfare, delivered to Ambassador Gerard today, was awaited by officials of the Washington government tonight with expectant tension. They were without any definite idea of what the communication contained. A brief message from Ambassador Gerard, as well as press reports, however, had created the impression that the imperial government would propose conditions which the United States could not accept.

It was reiterated that President Wilson stood unalterably by the position declared in the note to Germany—that the abandonment of present submarine methods must be declared and effected immediately, or the United States must sever diplomatic relations. This demand was designed to permit of no argument and high officials repeatedly have asserted that anything short of a literal compliance would be followed by a diplomatic rupture.

DOCUMENT IS DELAYED.

The official copy of the note hardly will reach Washington before tomorrow night, but the document was given to the press in Berlin late tonight and the unofficial text was expected to reach the United States early tomorrow morning.

Ambassador Gerard's message was sent before he had examined the note, the meaning was not entirely clear because of errors in transmission of the diplomatic cipher.

Secretary Lansing declined to comment on the message or to make it public, because he feared it was garbled. The message was not seen by the note itself, might have made inaccurate deductions. Furthermore, the Ambassador had indicated that his message must be regarded as being highly confidential.

Secretary Lansing sent the dispatch to the White House for the information of President Wilson. At the same time an effort was made to have the errors of transmission corrected. It appeared tonight, however, that the contents of the note would be known before the corrections could be made.

TO AVOID A BREACH.

Officials gave especial consideration to press dispatches saying that the German Chancellor would have the German public behind him in efforts to avert a breach of relations with the United States "so far as can be done without sacrificing the principle enunciated in the German manifesto of February 8."

This manifesto of February 8, announced to the world Germany's intention of treating as warships armed merchantmen of hostile nations. It was clearly indicated that the German government intended to sink without warning merchant ships carrying arms and ammunition on the ground that they were armed for purposes of offense, and that commanders of British merchantmen had instructions to attack German submarines.

The position of the United States is that merchant ships have a right to arm themselves for defense purposes and that, so long as that armament was carried and used only for defensive purposes, the vessels should receive the same treatment as other peaceful trading ships.

SOME OFFICIALS tonight found a hopeful indication in a press dispatch which stated that considerable perturbation was apparent in Berlin over the effect which "concessions" to be made might have on German public opinion.

President Wilson and Secretary Lansing prepared to remain up late tonight to see the unofficial text of the reply carried in press dispatches, but abandoned the idea when it became known that the dispatches would not be available before morning. A special corps of operators was kept on duty at the State Department to receive the official text, though at midnight word had come from Ambassador Gerard that he was ready to start the document.

AGRICULTURAL EXPERTS FORM AN ORGANIZATION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 4.—Committee of agriculture of forty-eight States met today and organized the National Association of Commissioners of Agriculture. E. J. Watson of South Carolina was elected president, W. T. Gupta of Maine vice-president and Clarence J. Owens, director-general of the Southern Commercial Congress, secretary-treasurer.

The association endorsed the Sheppard bill pending in Congress, which creates a national chamber of agriculture to supervise and coordinate the production, marketing and purchasing system for farmers in each State, county and locality in the country.

A delegation called on President Wilson during the day to urge support of the measure, and will appear before the Senate and House committees on agriculture, which are considering the proposed legislation, tomorrow.

GERARD HANDED GERMAN NOTE AFTER A VISIT TO VON JAGOW.

(BY ATLANTIC CABLE AND A. P.)

though the trip had been announced in the afternoon papers. Dr. Von Bethmann-Hollweg, the Imperial Chancellor, undoubtedly will have the great mass of the people with him in a desire to avoid a breach in the diplomatic relations with the United States or far as can be done without sacrificing the principle enunciated in the German manifesto of February 8.

The Chancellor, with Admiral Von Holtzendorff, head of the naval general staff, Dr. Karl Helfferich, the Secretary of the Treasury, and other participants in the council at headquarters, returned to Berlin early this morning.

The note with its explanation of the German attitude toward the

British "starvation" policy will be one of the items in the diplomatic menu of the war. It will be released for publication here in all probability on Friday morning.

The German memorandum of February 8 referred to in the above dispatch was addressed to neutral nations and declared that after February 29 Germany would consider all armed merchantmen belonging to countries at war with Germany as warships and that such vessels would be treated accordingly and sunk without warning.

It charged that before the outbreak of the war the British government had used this policy to starve the German people.

RECEIVES MANY MILLIONS FOR DEFENSE OF PATRICK.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
DENVER, May 4.—John T. Milliken's bread cast upon the waters in the form of funds to defend Albert T. Patrick, a noted New York prisoner charged with the murder of William March Rice, who was pardoned a few years ago, has returned to him after many years. Oil lands in Oklahoma which Mr. Milliken received in exchange for money put up by him for conducting the defense of Patrick, with other lands since added, have been sold by him to the Sinclair Oil Refining Company for \$2,500,000 in cash and \$250,000 of the company's stock.
Mr. Milliken, who lives in St. Louis, made the announcement himself of the amount he received and the form in which it was paid to him. Relatives in Denver said that the oil lands were the same involved in the Patrick transactions. The deal involved 18,000 acres of oil lands in Oklahoma and resulted from an original investment of \$5000. Mr. Milliken, according to a statement made by him, is now considered the wealthiest man in St. Louis.

FOOD SLIGHTLY HIGHER THAN IT WAS YEAR AGO.

[BY A. P. NIGHT WIRE.]
WASHINGTON, May 4.—Food for the average family costs slightly more now than it did a year ago, according to figures published today by the Department of Labor. Prices as a whole were 5 per cent. higher during February than they were in February of last year. A decline in the price of eggs from January to February set down prices as a whole about 2 per cent. Food articles sold for 9 per cent. more last February than in February of last year. Only five foods declined in price in the last year—plate boiling beef, lard, flour, cornmeal and prunes. Potatoes increased in price during the year, but still were 8 per cent. lower in February last than in February four years ago.

MUSCATINE LEVEE BREAKS; BIG INUNDATION FEARED.

[BY A. P. NIGHT WIRE.]
MUSCATINE (Iowa) May 4.—With the flood waters of the Mississippi pouring through several breaks in the Muscatine levee today the entire district between Muscatine and Wapello is doomed to inundation.
Breaks which occurred this afternoon when a high wind washed the waves against the weakened embankment will overflow about 50,000 acres of farm lands.
Efforts are being made tonight to prevent the flooding of the south part of Muscatine by backwater.

BANKING LAWS REVISED BY ADMINISTRATION BILLS

[BY A. P. NIGHT WIRE.]
WASHINGTON, May 4.—Three administration bills revising the banking laws included one to permit national banks to subscribe to the capital stock of corporations doing a banking business abroad were passed by the House today.
That relating to foreign banking, framed by Chairman Glass of the American Bankers' Association, is expected to result in establishment of foreign branches by many American banks. It has not yet passed the Senate.
The law against interlocking directorates would be amended by another of the measures so that a director of a Federal reserve bank could serve as director of one of the other non-competing banking institutions. The third would increase the bullion reserve by suspending the demand for gold for reserve of the bullion equalled the coin held. The former is a Senate measure and now goes to the President for his signature.

ANTI-WAR PROTESTS SWAMP CONGRESS.

[BY A. P. NIGHT WIRE.]
WASHINGTON, May 4.—Printed form letters protesting against any step which may lead to war with Germany began pouring in by the thousands today upon members of Congress as the sequel to the telegraph propaganda which swamped the Capitol and the telegraph companies last week.
Even the names of the Congressmen were printed on the envelope. Everything gave evidence that the letters had been prepared by thousands and required only written signatures. Senator Husting of Wisconsin, who has sought a Department of Justice investigation of the propaganda, received letters today which he said added evidence to his charge that the American embargo conference was behind the movement.

WOMAN REFUSES FORTUNE.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
NEW YORK BUREAU OF THE TIMES, May 4.—Perhaps it has happened before but there is no record of it in the Surrogate Court. The will of James Minor Lincoln, who died on March 28 at Wareham, Mass., filed today left \$2500 to his sister, Mrs. Mary Moore Tobey of Palo Alto, Cal., and the will was accompanied by a codicil drawn at the request of Mrs. Tobey revoking the bequest. Mr. Lincoln left an estate of \$14,000, which he left to his wife and two infant children.

and, getting into difficulties at sea, was lost off Stavanger. The whole crew is safe.
Regarding the recent attacks by aeroplanes on the English coast and in the Baltic the statement says: "On the afternoon of May 3 a German naval aeroplane successfully attacked a British coast battery near Sandwich, south of the mouth of the Thames, and the aeroplanes station west of Deal."
"In the Baltic naval aeroplanes were again dropped bombs and scored several hits on the Russian battleship Slava and a submarine of the enemy at Moonund."
"The aerial attack of the enemy on the German coast station at Plesien caused no military damage."
"A German submarine on April 30 shot down a British aeroplane off the coast of Flanders. The occupants of the aeroplane were rescued by an enemy destroyer."

BRITISH EXPORTS ARE INCREASING.

[BY ATLANTIC CABLE AND A. P.]
LONDON, May 4.—A figure collected by Consul-General Skinner show that exports from the Port of London to the United States during the first four months of the year 1916 increased \$13,000,000 over the corresponding period of last year. The increase was due chiefly to the diversion of trade caused by the British blockade.

LONG CAVALRY RACE IN NATIONAL GUARD.

[BY A. P. NIGHT WIRE.]
NEW YORK, May 4.—A 250-mile race for cavalrymen was announced today as one of the features of the military and naval tournament to be held by the National Guard at Sheepshead Bay, May 20 to 27. There will be no change of horses and the men will carry the lightest possible equipment. Each rider will be accompanied by a mounted scout to the military authorities here.
The competitors will start from Washington, Boston, New York, Syracuse, Rutland, Vt., Manchester, N.H., and Altoona, Pa. The maximum distance to be covered within twenty-four hours is seventy miles.

SIX PASSENGERS IN AVIATION FLIGHT.

[BY A. P. NIGHT WIRE.]
NEWPORT NEWS (Va.) May 4.—E. T. Macaulay of the Atlantic Coast aeronautical station established what he declared was a new duration and distance record today when he made a continuous flight in a hydroplane with six passengers from Newport News to the mouth of the Potomac, a distance of about 170 miles. The trip required two hours and twenty-three minutes. Macaulay had started for Baltimore, but turned back because of a rainstorm.

TO EXPLAIN CAUSE OF IRISH REVOLT.

[BY ATLANTIC CABLE AND A. P.]
LONDON, May 4.—In the Commons today Premier Asquith promised he would make a statement on the causes of the Irish revolt next week.
The premier said that it was not desirable to say anything more at the moment than that all appropriate steps were being taken to deal with the Irish rebellion and those responsible for it.

GIVES ESTATE TO CHARITY.

[BY A. P. NIGHT WIRE.]
NEW YORK, May 4.—Jessie G. Glendier, who died in Los Angeles, February 25, bequeathed virtually all of her estate, valued at \$750,000, to religious and charitable institutions. Her largest bequest was about \$200,000 to the Paulist order of the Roman Catholic Church. John Hopkins University also will receive \$150,000, a part of which is to be used in scientific research into the cause, prevention and cure of epilepsy. The Metropolitan Museum of Art is left \$50,000.
The Charity Organization Society of New York was bequeathed \$100,000 to establish a sanatorium "for the benefit of women suffering from tuberculosis of an incipient stage, who have been dependent upon their own limited earnings for support."
Miss Glendier established several funds for religious and other purposes. She was 71 years old when she died.

GOOD JOB FOR CONVICT.

[BY A. P. NIGHT WIRE.]
Lester Burright, Arson Gang Leader, to Work for Insurance Companies.
[BY A. P. NIGHT WIRE.]
OAKLAND, May 4.—Lester Burright, leader of the "Burright arson gang," which recently started over forty fires in Pacific Coast cities, who is now in San Quentin, may put his knowledge of crime to advantage on his release, as it became known today, he will be offered a position at \$6000 a year as special adjuster for an "arson committee" of representatives of a number of insurance companies. His duties will be to determine whether or not suspicious claims are of incendiary origin.
The Oakland police officers who arrested Burright say "he can smell a phony fire a mile away." It is understood that the individual insurance companies may also bid for his services on his release.

HOLLIS FARM LOAN BILL IS PASSED BY SENATE.

Measure Creates a Chain of Banks that will Deal with Rural Investments and Mortgages Exclusively on the Co-operation Plan—Persons Desiring to Borrow Must First Take Stock in the Institutions.
[BY A. P. NIGHT WIRE.]
WASHINGTON, May 4.—The Hollis farm loan bill, embodying the administration plan for establishing a system of rural credits passed the Senate tonight by a vote of 58 to 5.
Senators Brandegee, Lodge, Oliver, Page and Wadsworth, all Republicans, voted against the measure.
The bill, after almost two weeks of debate, passed the Senate practically as reported by the Banking Committee. An amendment by Senator Smoot reducing the salaries of the farm loan board from \$10,000 to \$7500, which was adopted by a vote of 26 to 25 in the committee of the whole, was reconsidered when the bill reached the Senate and was defeated 29 to 21, although eight Democratic Senators voted with the Republicans for the reduction.
A somewhat similar bill has been reported by the House Banking Committee, and it is said will be brought up for consideration in the House soon. Like the Senate measure, it would create a chain of farm loan banks, but it differs in means of operation.
The Senate bill provides for a nonpartisan farm loan board to consist of the Secretary of the Treasury and four other members, one of whom shall be chosen without regard to the civil service. Both were defeated by party votes. Debate lasted more than a week on an amendment by Senator Cummins, to strike out the exemption clause, which was attacked as unconstitutional, but defended by Democratic Senators as necessary to evade the irregularities in State taxation and insure a uniform rate of interest to the farmers in the various States.

DEMOCRATS GET BUSY ON REVENUE PROBLEMS.

[BY A. P. NIGHT WIRE.]
WASHINGTON, May 4.—With the return from South America today of Secretary McAdoo, Democrats of the House Ways and Means Committee and Senate Finance Committee determined to get down to hard work on the revenue problems confronting Congress. To this end, Representative Kitchin and Senator Simmons, chairman of the revenue committee, arranged to confer with the secretary within a day or two to make a survey of the financial conditions of the treasury, and a general estimate of the requirements for the coming fiscal year.
Senator Simmons said today that the country was going to make an unexpectedly fine showing at the end of this fiscal year.
Collections from internal revenue, income tax, emergency war tax, etc., he said, would show an increase over last year of approximately \$50,000,000 and to June next, including revenues from the extended emergency war tax and sugar, the treasury would show a surplus.
It has been agreed that the income tax must be revised and in revising it the committee will work on the basis that it, together with the corporation tax, will yield approximately \$100,000,000. They are agreed also that the emergency war tax shall be amended by the elimination of all stamp taxes and revision of some of the commodity rates, and that there shall be levied an excise tax on munitions of war.

TO ELIMINATE VACATIONS. STEADY PROGRESS OF THE RUSSIANS.

[BY ATLANTIC CABLE AND A. P.]
STANFORD UNIVERSITY, May 4.—Leland Stanford, Jr., University officials are considering dividing the year's work into four quarters of three months each, instead of into two semesters as at present. Under the proposed plan, which has been adopted in several eastern universities, the long summer vacation would be eliminated, but professors and students would be permitted to absent themselves from the campus one quarter each year.
Students and faculty members will be given more time for outside work and recreation, according to a new system of classroom hours just announced. Beginning with next September the day's work will begin at 8 a.m. and end at 4 p.m., instead of 8:15 a.m. and 4:30 p.m., as at present. More classes will also be held on Saturdays than are being held now.
TO RELIEVE BRAIN OF LEAD.
Chris Evans, Train Robber, Wants Operation to Save His Life.
[BY A. P. NIGHT WIRE.]
SACRAMENTO, May 4.—Carrying in his brain two bullets that were fired at him by a posse in 1911, when he and George Sonsteg, both desperate train robbers, terrorized the people of Fresno and Tulare counties, Chris Evans, who has been on parole from Folsom prison since May, 1911, walked into the County Hospital today and asked that the doctors remove the lead and relieve him of pain.
Accordingly, Evans, who is now 73 years of age, will be operated upon tomorrow by Dr. J. H. Harris, superintendent of the hospital, in an effort to save his life, for the bullets are causing his right side to become paralyzed. One bullet is in the brain above the right eye and the other is behind the right ear.
Evans, upon his freedom from prison, worked for a time as a city watchman at Portland.

GOLF PROPERTY UNDER CONTROL

Capitalists in Holding Company Protect Fine Links.

Teachers Submit to Whipping to See How it Feels.

Deputy County Recorder Dies in His Pasadena Home.

PARADISE, April 5.—A syndicate composed of a dozen or more of Southern California's greatest capitalists bought the controlling interest in the Pasadena Golf Club Association, a corporation organized as a holding company for the Annandale Golf Club. The syndicate includes Edward L. Doherty, Henry E. Huntington, John H. Fleming, H. J. Evans, W. J. Harrison, A. J. Brady, C. Y. Knecht, W. W. Wright, J. William S. May, R. B. Blacker, H. L. Stuart, H. B. S. A. C. Volk and David Henderson.

The figure paid for the property is withheld but is known to be considerably more than \$100,000. The transaction was completed last night after the Pasadena Golf Club Association had been organized by the C. S. Campbell-Johnson, who perished in the Lusitania wreck.

Under the terms of the agreement, the club is to be reorganized and the club is to be placed under the control of the new syndicate.

BRIDE CLIMBS NIGHT TRAILS.

HERNANDINO, May 4.—Walter A. Stonier and his bride, who were married in Los Angeles last night, started a unique honeymoon trip today by climbing the government trail from Arrowhead Hotel to Pine Crest and arriving in Strawberry Flat at dawn. They will spend their honeymoon in the mountains, a cabin having been prepared for them at the top.

Stonier is a local man and his bride was Miss Ivey Barnard of Los Angeles. The trail is difficult to negotiate under normal conditions, but at night with the path guided out by torches, the climb is almost hazardous.

hardened and made the pain even greater. To make matters worse, the trail was very dark.

SAVINGS ACCOUNTS. (LOCAL CORRESPONDENCE.) ALHAMBRA, May 4.—The public school children of Alhambra are to be taught the value of thrift.

The Board of Education has installed a practical course on this subject, which includes a plan for encouraging the children to open savings accounts.

The deposits will be made under the encouragement and direction of the teachers. The precaution has been taken to make public the amounts deposited by the various children so as to avoid embarrassment for those who are unable to make good showing at first.

BEACH BRIEFS. (LOCAL CORRESPONDENCE.) SANTA MONICA, May 4.—Operators of three games at Ocean Park have notified today that their licenses have been suspended by Commissioner Berkley and Chief of Police Ferguson. The games are a pool table, a pin ball machine and a shooting gallery.

PEACE RUMORS IN HARBOR AIR.

Plenty Vessels Available Soon, is the Prediction.

Harbor Commission to Finish Jetty with Rock.

New Company to Build Ship for Mexican Trade.

LOS ANGELES HARBOR, May 4.—There are indications in shipping circles that peace is going to be declared in Europe and that the war in Europe and the release of German vessels as well as those of the allies that are engaged in transport work, shipping men do not pretend to say.

The fact that a number of vessels have been offered for sale and the belief that there will be vessels available in a very few months, at least as to steamship lines, can be seen in the fact that the Atlantic and Pacific through the Panama Canal in competition with the railroad.

A significant fact that has made those who bought ships for speculation uneasy is the fact that peace charters have been issued to take cargo to the Orient. This sounds to shipping men more like peace than press dispatches from the capitals of the powers in Europe.

ROCK CONTRACTORS. Harbor Commissioners F. T. Woodman and C. M. Gordon are here today with members of the Russell-Green-Fox Company, contractors who have supplied all the rock for the fish harbor jetty at East San Pedro. Having supplied all the rock required under its contract the firm will turn over the jetty to the city and the Harbor Commission will complete the jetty with rock brought over from Catalina Island.

In addition to that brought from Catalina Island, the contractors will supply 20,000 tons of rock to be used in the jetty. The price of rock hauled from the interior by rail. The first jetty built here over twenty years ago contained Catalina rock, but that now being put in the fish harbor jetty is the first brought over from the island since then.

It is also estimated that the city will save \$50,000 on material to be used in the construction of the new jetty. The material will be hauled near the foot of Tenth street by the Pacific Electric company for the rebuilding of the burned portion of the city.

COUNCIL STIRS UP OLD SCORE.

Partially-forgotten Squabble Revived at Ontario.

Organization of Administration Duly Effected.

Son of Woman Killed in Accident Gets Money.

ONTARIO, May 4.—Despite the strenuous protests of George Chaffin, just elected to a place on the City Council, who charged that the Council has disregarded the will of the people, who recently voted down the city manager plan of government by placing one man in charge of many city departments, Fred E. Alford was reappointed head of the city service departments following the organization of the Council yesterday.

As service head Alford is superintendent of streets, superintendent of the water department, city electrician, building inspector and city sanitary and plumbing inspector. Councilman Chaffin told the stand that the water and street departments should have two heads, and declared that where the city saves \$100 a month by the consolidation, it loses from \$200 to \$300 a month through lack of efficiency.

Mayor J. C. Crowell and Councilman J. P. Ansel stated that they have given the matter careful consideration and denied Chaffin's charges in regard to lack of efficiency. Mayor Crowell declared that the Council was acting quite within its rights in consolidating departments, and pointed out that, while the recently-elected city charter gave the proposed city manager the right to appoint practically all city officials, and made him city purchasing agent, none of these powers were vested in the head of the service departments.

Councilman E. R. Alter declared that the various departments were better shaped than ever before, and added that when the present rush in paving operations is over Alford will have ample time properly to handle all departments over which he has charge.

OFFICIALS NAMED. Other officials appointed last night were: Chief of Police, W. O. Hardy; assistant Chief of Police, Arthur A. Chaffin; city recorder, George H. Emmerson; City Attorney, Archie D. Mitchell; City Engineer, R. B. Mann; City Recorder, George H. Emmerson; City Engineer, Archie D. Mitchell; City Engineer, R. B. Mann; City Recorder, George H. Emmerson.

THE old board of health was re-named, naming J. R. Draper, J. C. Wright, Dr. J. H. Hatcher, Dr. Calvert L. Emmerson and R. B. Mann. Dr. Emmerson was reappointed health officer.

F. C. Crowell, who has served in that capacity for the two years, was re-elected to the presidency of the City Council, which carries with it the honorarium of \$1,000 a year. But one ballot was required. Crowell receiving a majority of the votes. Upon motion of Councilman Thomas Wilson the selection was made unanimous.

"DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered from a chronic headache, backache and such pains I would cramp double every month. I did not know what it was, but I was a nervous wreck. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am a regular every month."—Mrs. H. H. HAMMOND, 525 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, it is not reasonable to believe that it is an article of great merit!

If you want special advice write to Lydia E. Pinkham Medicine Co., Lowell, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WAR REVEALS MUTUAL TIES.

Old World People Come as in Peace, Says Speaker.

Immigration Needs Heard by Social Conference.

State Convention Sessions on Many Subjects.

War has had a lot to do with this country. It has shown us the true state of affairs in America. It has turned a searchlight on our national government at Washington, but it has not exposed the immigration except that it leaves a greater pain and more sorrow in the countries from which the immigrants come.

This was the statement of Mrs. Harry H. Bremer, national immigration secretary of the Young Women's Christian Association, in her address at the general session of the California State Conference of Social Agencies at Trinity Auditorium last night.

"War has shown us," continued Mrs. Bremer, "we are intensely tied to all the nations in Europe. Immigration is a great problem, but the war has had little effect upon it. War has not stopped immigration, because 7000 people landed at Ellis Island last week, and 1700 of them came in one day, and we do not get the picture of the Old World in our immigration."

CALIFORNIA'S ADVANTAGE. Mrs. Bremer was followed by Robert Newton Lynde, president of the California Development Board. He said in part: "We are fortunate on the Pacific Coast in this war and we have a profound influence upon the Pacific Coast. It means that with the better class of immigrants coming to this part of the country, the scale of living will be raised instead of lowered. It means that we have a tremendous opportunity to develop the territory that lies back of us and which extends to the foot of the Rocky Mountains. We must look beyond the seas for the people to open up this land."

Alexander Johnson, field secretary for the National Committee of the Provision for the People-minded, gave a stereoscopic lecture on "The War and the Immigration Problem." Mr. Johnson's address was received with marked attention.

COVER WIDE RANGE. The programs yesterday were composed of measures of child welfare, correction, social work, immigration and housing, and restoration of the child welfare section was held in the auditorium of the Broadway Department Store, and opened with an address on "Institutional Reports" by Dr. Samuel Langer, superintendent of the Pasadena State Hospital.

The corrections section was held in the California State Capitol building, and was presided over by Harry Olson, chief justice of the municipal courts of Chicago, presiding. The general subject was "Probation."

The social work section met at the Elmer Smith auditorium, with an opening address by Prof. George P. Ommon.

Physicians Use Autos TO ATTEND CONVENTION. The largest feature of the convention was a Spanish luncheon tendered to the visiting delegates by the members of the California Medical Society. It was held in the Mission Inn at noon today. The menu included hot and cold Spanish meats, soups, omelets, olives, green beans, rice, cream, cake and coffee. The tables were decorated with Spanish flowers.

The Misses Lucile and Agnes Flanagan, who acted as waitresses, were very busy. They were assisted by ten graduate nurses of the Pasadena hospital, who acted as waitresses. They were assisted by ten graduate nurses of the Pasadena hospital, who acted as waitresses.

The convention closed with a public meeting in the Christian Church tonight. The evening program consisted of twenty-minute talks on child welfare and conservation. Among the speakers were Judges Reeve and Wilbur and Paul Shoup of Los Angeles.

Arrested at Beach FOR ANNOYING GIRLS. SANTA MONICA, May 4.—Burlington Greek, 21, was arrested by police here last night for annoying girls on the beach. He was charged with molesting two 12-year-old girls. According to the police, the man answers the description of the man who Wednesday night, he had attempted to assault 8-year-old Marie Housholder in Hollywood. Grek is being held here and the little Hollywood girl will be asked to come here tomorrow and identify him.

The man's arrest came about following an account given by the 4-year-old girl, who had attempted to assault 8-year-old Marie Housholder in Hollywood. Grek is being held here and the little Hollywood girl will be asked to come here tomorrow and identify him.

BRANDEIS REPORT FOR NEXT WEEK. (BY A. P. NIGHT WIRE.) WASHINGTON, May 4.—Informal conference among the Democrats today disclosed that the Judiciary Committee may report the nomination of Louis D. Brandeis for the Supreme Court in the next week without recommendation. Opposition to the nomination in committee is declared to remain.

In view of the determined Republican opposition and uncertainty of some of the Democrats on the committee, it has been suggested that the Senate should take the case into its own hands.

Man Attacked by a Rooster, Another Was Stung by a Bee. (Pittsburgh Gazette-Times.) A man giving his name as Philip Weber told the police that he was attacked by a rooster and stung by a bee. He was attacked by a rooster and stung by a bee.

So far as known there is nothing in the ordinance book of the city of Venice which forbids bathing girls to appear on the street. The police have not been able to find any ordinance which forbids bathing girls to appear on the street.

Several days ago Mayor Edward Reed received a complaint from a man who was stung by a bee when he was on the street. The man asked the Mayor to put the lid on bees.

A short time before that the police were asked by an Altan woman to compel an old man to stop ringing his bell. The woman said that the old man was ringing his bell in her house once a week. She said it annoyed her.

WOMEN IN THE WAR. Have Taken the Places in Industry. (Continued from Page 1.) France women have begun to take their place as part of the nation's defense. A dispatch from Paris on April 1 reported that women were now employed in garbages in the place of soldiers in the auxiliary service.

A DECALOGUE OF WAR. Bavarians Urged to Keep Out of Court During the War. (Indianapolis News.) In the Bavarian courts a novel attempt is being made to suppress the national passion for going to law by displaying the following "Ten Commandments" in the Courtrooms:

(1) Avoid lawsuits, especially in this grave time of war.

(2) Thou knowest better than the beginning, but thou canst not divine the end.

(3) Thou savest much money, time and anxiety.

(4) Thou hast a starting litigation try to compromise amicably.

(5) Let thy prospective opponent know thou wilt threaten and then have him settle.

(6) Listen to the judge when he proposes a settlement; he means it.

(7) Always draw up thy agreements in writing. Read them carefully. If thou art not satisfied, do not sign them.

(8) Remember that only that which thou canst prove counts in court.

(9) Drive not thy opponent to desperation. Thou mayst some day need him.

SEALS AND ANGELS MAY MEET IN PENNANT RACE.

BY HARRY A. WILLIAMS.

ONE of the great possibilities of the Coast League race, and one which has generally been ignored in the dope, is that of Los Angeles and San Francisco fighting it out for the pennant down the home stretch.

SEALS WIN IN NINTH INNING.

(BY A. P. NIGHT WIRE.)

OAKLAND, May 3.—San Francisco defeated Oakland today 3 to 2 in a game that was anybody's up to the ninth, when Fitzgerald singled and scored Brooks. A single by Couch scored the other two Seal runs. Although the Seals won, it was not because they did not give the Oaks every chance, as Couch was wild and had the bases filled more than once.

STANTON MAKES DEBUT AT OXY.

William L. Stanton, the new Occidental coach, will address the Occidental students at chapel this morning and will have a short talk with the football men immediately afterwards. It was announced yesterday that Stanton may change that upon arriving on the scene today.

ately. It is to be more of a conference with the man than a school. A LITTLE BACKWARD.

"I found last year," he said, "that many of the coaches were a little backward in the public school. Some of them wished to talk over their private problems with me."

All this Pipal had to say while he paced nervously up and down in the silent Southern Pacific station. Every once in a while he would stop to look at his lips and let some remark drop about the north. Every one was a question that he was asking himself about his new position and his new problems. And as Pipal was wondering how it was all going to come out, so are those who know him and watched him in the south.

That it will come out alright for him is the opinion of the big majority.
